

Leading High Performing Team with Digital Strategy

Senior Management

Course Description :

In today's fast-paced digital landscape, leadership success relies on bridging digital capability with day-to-day team execution. **"Leading High-Performing Team with Digital Strategy"** equips leaders with the tools needed to operationalize strategic digital initiatives through agile alignment, strong team collaboration, and data-driven management.

Participants will learn how to translate macro digital goals into concrete team workflows, foster an empowered and high-trust collaborative culture, and leverage key analytical metrics to monitor performance and optimize team outcomes continuously.

Learning Objectives :

By the end of this program, participants will be able to:

- ▶ **Align Execution with Digital Strategy:** Translate overarching organizational digital goals into actionable priorities, adaptive team workflows, and clear operational targets.
- ▶ **Cultivate Empowerment & Collaboration:** Build psychological safety and leverage modern collaboration tools to foster cross-functional synergy and high team autonomy.
- ▶ **Manage Performance with Data:** Utilize business intelligence, digital metrics, and performance analytics to track outcomes, resolve bottlenecks, and make objective decisions.

Methodology :

The workshop features interactive sessions, digital transformation case studies, and collaborative innovation challenges, supported by guided reflection and curated site visits to innovative organizations.

Competencies

- **Align Execution with Digital Strategy**
- **Team Empowerment & Collaboration**
- **Data-Driven Performance Management**

"It was a really wonderful opportunity to meet with leaders and to hear from their own experiences."

**Mr. Rashed Al Nuaimi, Head,
Crown Prince Court of Abu Dhabi, UAE**
