

Striving Excellence with Creativity & Emotional Intelligence

This course is designed to enhance participants' understanding and application of creativity and emotional intelligence in striving for excellence in personal and professional endeavors. Through a combination of significant knowledge, practical exercises, and interactive discussions, participants will explore strategies for fostering creativity, developing emotional intelligence, and leveraging these skills to achieve personal and organizational goals.

Throughout the program, participants will experience interactive sessions featuring real case examples, highly engaging activities, and site visits. These experiences will provide diverse perspectives on creative leadership and emotionally intelligence that support organizational excellence.

In addition, participants will engage in a highly interactive team activity in the beautiful city. Participants will forge valuable connections with business leaders from other companies and acquire key takeaways to implement within their own organizations

[Expected Outcome]

- Participants will leverage their creativity and emotional intelligence to motivate teams, foster innovation, and drive positive change within their organizations.
- Participants will strive for excellence in all endeavors, achieving greater fulfillment and success at work.
