

## Strategic Leadership & Managing Change with Vision

### Managers & Above

19-23 Feb 2024 | London, UK

This course is designed to provide mid-to-upper-level managers enhance their strategic leadership skills and lead a transformational team that can sustain the changing environment. Using such leadership, participants will learn to change for themselves and lead the change within the organization with a clear vision.

Through interactive sessions with real case examples, highly interactive activities, and site visits, participants will explore different angles of strategic leadership. Participants will analyze the factors leading companies to adopt to develop their strategy and manage change to develop their business.

Participants will have a chance to work closely with other participants in a highly interactive team activity that will take place in the beautiful city of London and build closer networks with business leaders from other companies to take away key lessons to apply back in their organization.

#### [Expected Outcome]

- Participants will respond adaptively to managing change in the challenging organizational context.
- Participants will address change immunity in their organization and promote a clear vision.
- Participants will improve organizational performance through strategic leadership.

#### Competencies:

- Strategic Leadership
- Change Management
- Visionary Mindset

***“I could not wait to get up in the morning so I can join my group to learn and to know about the lessons and how to implement those ideas in Kuwait. The things I’ve learned here will last me a lifetime.”***
