

# 2024-25 Fast Track Program Overview

*Achieving Target through Visionary and Innovative Mindset*

The Achieving Target through Visionary and Innovative Mindset Fast Track Program is designed for the high potential employees of the organization to inspire and further develop by polishing their core capabilities to foster creativity & innovation, visionary mindset, enhancing collaboration, and managing change.

The program aims to enhance the performance of highly talented individuals through nurturing them to demonstrate ownership with a long-term vision that promotes integrated value to achieve vision and target of the organization.

## Participants will have:

- Learn from leading professionals about challenges in meeting the needs of talents in organizations through sessions on their practical experience in demonstrating leadership and nurturing talents.
- Go on site visits to leading organizations and learn about the latest innovation trends and how to incorporate creativity at work.
- Enhance teamwork skills via indoor and outdoor group activities, which will enable participants to share key learnings and work more effectively in a team environment to achieve the organization's goals and target.
