

## Strategic Leadership & Managing Change with Vision

This course is designed to equip Senior Managers with a comprehensive toolkit to enhance their strategic leadership skills. These skills will enable them to lead a team to adapt and thrive in a dynamic and ever-changing environment in the digital era. By developing these leadership skills, participants will not only transform themselves but also bring change within their organizations through visionary leadership.

Through interactive sessions with real case examples and highly interactive activities and site visits, participants will explore different angles of strategic leadership. Participants will analyze the factors that drive companies to formulate and execute strategies while effectively managing change to develop and evolve their businesses.

Participants will engage in a highly interactive team activity within the program city, fostering both close collaborations with fellow participants and opportunities to connect with business leaders from different companies. They will leave with valuable insights and lessons to implement within their own organizations.

### [Expected Outcome]

- Participants will develop skills to effectively manage changes within the organizational context, ensuring that their organizations thrive in dynamic environments in the digital era
- Participants will address resistance to change within their organizations and promote a clear and inspiring vision
- Participants will improve organizational performance through the application of strategic leadership
